## Cross Connection Control Device Testing Certification

**\*PPE Requirements: CSA boots, safety glasses**

Certified by American Water Works Association (AWWA), Cross Connection is commonly referred to as Backflow Prevention. Every facility contains multiple points of potentially potable water contamination. This course identifies those areas and provides the code interpretation and knowledge base required of Cross Connection Control Device Testing Specialists.

You will learn how to determine the proper cross connection prevention device for an application, test the device and demonstrate the skill required to ensure public safety. Upon successful completion of this course and the AWWA examination, the student will qualify as a Cross Connection Control Device Testing Specialists.

 **Monday - Friday**  **8:00 am - 4:00 pm**

**TUITION:** \$60.00 UA member

**REQUIRED BOOKS:** \$75.00 / **CERTIFICATION:** \$105.00

**PRE-REQUISITE:** None. Minimum four (4) registered students

### AVAILABLE DATES:

February 6 - 10, 2023

**REIMBURSEMENT POLICY** UA course reimbursements will be available for UA Local 488 members upon successful UA course completion. UA courses eligible for reimbursement must have a minimum of \$50.00 registration fee. Books and training materials purchased for UA courses will not be reimbursable

## Industrial Rigging (EPRI Rigging)

*\* PPE Requirement: CSA boots, leather gauntleted gloves, safety glasses and a long sleeved natural fiber shirt.*

*Registration for EPRI Rigging programs will commence four (4) weeks before the start date of each class and registration will close two (2) weeks prior to the start date of each class.*

The Industrial Rigging (EPRI) Rigging course is designed to certify journeyperson members about the complexities of working safely as rigging specialists. Members interested in taking this course need a strong rigging background, with at least three to five years of experience.

**Please note that this is a certification course and not a training course.**

To obtain certification, journeypersons must complete:

1. A 120 questions, 150 minute computer generated exam with a minimum grade of 80%.
2. Practical testing could occur into the following week depending on number of students

 **Monday - Friday**  **8:00 am - 4:00 pm**

**TUITION:** \$60.00 **REQUIRED BOOKS:** Extra Cost

**PRE-REQUISITES:** Journeyman with 5 years experience and a minimum of three (3) registered students.

**AVAILABLE DATES:** February 6 - 10, 2023

**REIMBURSEMENT POLICY** UA course reimbursements will be available for UA Local 488 members upon successful UA course completion. UA courses eligible for reimbursement must have a minimum of \$50.00 registration fee. Books and training materials purchased for UA courses will not be reimbursable

## NAUSC Controlled Bolting

**\* PPE Requirement:** CSA boots, gloves, safety glasses, a long sleeve shirt and no loose clothing.

This course provides students with introductory technical information to safely and correctly operate, troubleshoot and maintain controlled bolting equipment. Each student will:

- Review bolting standards and procedures
- Evaluate controlled bolting requirements & select the appropriate equipment
- Demonstrate correct equipment utilization (Manual, pneumatic & hydraulic torque wrenches, Hydraulic tensioning equipment and Nutsplitters).

Training will include theory, practical experiences and student assignments. (16 hours classroom, 24 hours shop activities)

 **Monday - Friday**  **8:00 am - 4:00 pm.**

**CERTIFICATION:** On successful completion, each student will be issued a NAUSC certificate.

**TUITION:** \$60.00 **REQUIRED BOOKS:** Extra Cost

**PRE-REQUISITES:** Must be a minimum first period registered apprentice and a minimum of three (3) students are required for this course.

### AVAILABLE DATES:

## Introduction to Welding

*\* PPE Requirement: CSA boots and a long sleeved natural fiber shirt.*

Bring your family members and explore the fundamentals of a career in welding by practicing the safe use of welding equipment, trying wire feed welding and learning various fabrication processes. You will weld, meld and create. You will have access to proper safety training in both hand and industrial power tools regardless of your level of experience. Grab the tools, supplies, and get welding.

 **Monday - Friday**  **8:00 am - 4:00 pm**

**TUITION:** Free for all family members (sons, daughters, nieces, nephews, sisters, brothers etc.) of 488 members that are in good standing.

**PRE-REQUISITE:** N/A. A minimum of two (2) registered students are required.
